Dear Director Tatarka,

I am writing to let you know that I strongly oppose changing the franchise requirements for phone companies providing cable television services. Their desired changes are excessive, related to their desire for market dominance (see NYT Business section, 03/20/06) rather than for appropriate, competitive and fair service to the consumers of Massachusetts. These rules will not allow for reasonable negotiation and seem to place the phone companies over everyone else. I hope you will quickly set them straight!

Thanks,

Alex Pirie
